

Lake Erie Wreck Diving

Several dates available

Join us as we explore one of the many wrecks that lie just off Cleveland's harbor. This weekday-evening experience is open to all certified divers and is a great way to discover our closest local diving. The Great Lakes are filled with history; much of it lies just off our doorstep.

You'll cruise with safety and comfort aboard the *Holiday*, a spacious, 65-foot, steel-hulled vessel that is USCG inspected and certificated, and equipped with the latest in safety gear, including radar, depth sounders, radio-telephone, full lighting and life saving gear.

The crew has over 85 years of combined navigation expertise with licensed master mariners and pilots to insure your safety.
