

Grand Cayman

June 16 – 23, 2018

The Cayman Islands, a British Crown colony, are inhabited by warm, friendly people who take genuine pleasure in

welcoming visitors. They are justifiably proud of both their pirate heritage and some of the most beautiful beaches and reefs in the Caribbean. This

area, located just 480 miles south of Miami, has become increasingly popular for scuba divers. You'll thrill to these clear waters, multitudes of fish and impressive, rare black-coral formations along Cayman's vertical walls.

With hundreds of dive sites, you'll see something different each time you take a plunge.

Diver's and non-diver looking for things to do (out of the water) during your stay on Grand Cayman have easy access to the downtown shopping core but far enough away that you don't get stuck in traffic or people. Easy access to the south side of the island and only a ten-minute car ride from Seven Mile Beach; a great place to start an island tour.
