

## Utila

April 18-25, 2020

Paradise as it was intended! Set out over the turquoise Caribbean waters, Utila is the perfect place for great diving as well a relaxing getaway.

As part of the Mesoamerican Barrier Reef, the second largest in the world, Utila enjoys spectacular turquoise water, abundant sea-life and outstanding coral reefs.

You'll have the pleasure of sharing the reef with eagle rays, hawksbill sea turtles, moray eels, nurse sharks, trigger fish, parrot fish, angel fish, porcupine fish, groupers, sea horses, nudibranchs, and

much more. Sloping walls on the South side, sheer drop offs on the North, wreck diving and sea mounds, provide you with endless diving opportunities.

Utila has long been known as a "hot-spot" for Whale Shark activity. Their natural migratory and feeding patterns meant that these gentle giants are a year round sight in Utila.
