

## Little Cayman

July 15-22, 2023

The Cayman Islands are located 150 miles south of Cuba in the Caribbean Sea, 170 miles northeast of Jamaica and 480 miles south of Miami. The "Sister Islands" are comprised of Little Cayman and Cayman Brac, and are located about 90 miles northeast of Grand Cayman.

Little Cayman has been named a top dive site in the Caribbean for its iconic Bloody Bay Wall, year-round perfect diving conditions, pristine coral reefs, and spectacular marine life. Little Cayman Beach Resort brings this magnificent experience beneath the sea directly onto the sand.

The warm waters surrounding the Cayman Islands are rich and vibrant, with plenty of large sponges, some good macro, and some tiny fish. For big animals - you can find a good number of turtles and groupers, tarpon, nurse sharks, great barracuda, and stingrays.
